Would you agree or disagree with Michigan implementing that step? ASK: WOULD THAT BE STRONGLY AGREE/DISAGREE OR JUST SOMEWHAT AGREE/DISAGREE?

19.. In every state, the Department of Education plays a key role in school accountability. However, Michigan's Department of Education has a system that makes it different from many other states. In half the states, the Department of Education reports to the Governor of that state, and the Governor is held responsible for the department by the voters. But in Michigan, the Department of Education reports to the State School Superintendent who is appointed by an elected State Board of Education that is independent of the state's governor. Would you support or oppose a change to Michigan's Constitution to move control of the Department of Education directly under control of whoever the future Governor of Michigan might be instead of an independently elected State Board of Education? ASK: WOULD THAT BE STRONGLY SUPPORT/OPPOSE OR JUST SOMEWHAT SUPPORT/OPPOSE?
